Dear Former Colleagues, Managers, State Representatives, President Obama and Others,

James W. Mirgon, a 37 year employee of General Motors died October 21, 2010  
**WITHOUT** any prior notification of any changes to his life insurance benefit. His  
Continuing Life Insurance Benefit was \$120,803.00. **It was dropped to \$10,000**  
**WITHOUT ANY NOTIFICATION from General Motors or MetLife.**

Obviously, we do not need to reiterate the fact that James and wife were never notified of any changes to James' Continuing Life Insurance Benefit. They planned their lives, medical care/treatment and death around receiving the full amount \$120,803.00. James and his wife, Barbara paid for medications, treatments, chemotherapies and more knowing that in the event of James' un-timely death that Barbara would receive that money to recoup the financial devastation incurred with any terminal illness. On James' deathbed, he in fact made sure his wife, daughters and his Hospice nurse knew where all of the paperwork was and how much money his wife would receive. He could not die in peace without making sure his wife would receive the aforementioned life insurance monies. Can you imagine the shock, horror, again devastation now not only dealing with the loss of her spouse of 46 years but to get the horrid news that the life insurance benefit was taken away and dropped to \$10,000. The stress that this has caused can not be measured in dollars and is worth far more than the remaining amount of the life insurance.

We demand that James' spouse, Barbara Mirgon be paid in full the remaining amount of \$110,803.00.

Attached please find a timeline as well as an invoice for the remaining amount.

We implore you to do the right thing. After all, our tax dollars helped to save the company that so disgracefully, unethically and unmorally terminated this policy without having the decency to notify James of any changes to the policy.

Sincerely,

The Family of James W. Mirgon
